About the Tokyo Startup Station

1F

The Tokyo Startup Station is a facility where the Tokyo Metropolitan Government provides comprehensive support to those seeking to start a business. At the Startup Hub Tokyo on the first floor, there is a lounge space where anyone interested in launching a business can feel free to drop by. A concierge is always present here to provide consultation for launching a business and to introduce support programs. Also, events related to starting a business are held almost every day.

2F

On the second floor, the Business Establishment One-Stop Support Floor provides one-stop support for the entire process from giving concrete shape to business ideas to building business models, drawing up business plans, and actually launching a business. Services include consultation by an expert assigned to each user, various seminars, and advice on obtaining loans.
